

Good evening and welcome to the weekly edition of the Ventura County Digital Radio Club Net. This is *<NAME>*, *<CALLSIGN>* and I will be your net control station for this week's net. This is a directed net, and all stations with comments and questions are requested to wait to be recognized by net control.

We gather here on BrandMeister Talkgroup 31070 via the Ventura County DMR Repeaters, and on the VCDRC YSF Reflector, every Tuesday evening at 7:30 PM. All members are requested to check-in and visitors welcomed.

Tonight, I will also be accepting Telegram check-in's via the VCDRC Telegram Group as well.

Following a few brief announcements, I will call for check-in's from anyone wishing to participate in this net. Once we have a list, I'll come back to everyone who checked in for any questions, comments, or words of wisdom they may wish to share.

CLOSING

On behalf of The Club, I would like to thank all of you who took the time to dial us up and listen in, and a special thanks to those who actually participated.

This is <CALLSIGN> closing the VCDRC Net at this time, and returning the systems to their normal operation. Good Evening.
